ABCOURT MINES INC.

MANAGEMENT INFORMATION CIRCULAR ANNUAL GENERAL MEETING OF SHAREHOLDERS TO BE HELD ON DECEMBER 6, 2023

October 26, 2023

GENERAL PROXY INFORMATION

Solicitation of Proxies

This management information circular (the “**Circular**”) is provided **in connection with the solicitation by the management of Abcourt Mines Inc.** (the “**Corporation**” or “**Abcourt**”) of proxies to be used at the Annual and General Meeting of shareholders of the Corporation (the “**Meeting**”) to be held on December 6, 2023 and at any adjournment thereof for the purposes set forth in the accompanying Notice of Meeting. The cost of the solicitation will be borne by the Corporation.

The solicitation of proxies will be made by mail and by posting the documents relating to the Meeting on our website at www.abcourt.ca or under the Corporation's SEDAR+ profile at www.sedarplus.ca in accordance with notice and access procedures. Proxies may also be solicited by telephone, email or other personal contacts by directors and officers of the Corporation. They will not receive any additional remuneration for this activity.

Notice and Access Notification

The Corporation has decided to use the Notice and Access system adopted by the Canadian securities regulators providing the option to post documents relating to the Meeting (“**Meeting Materials**”) on the website of the Corporation. Under the notice and access system, the Corporation is not required to transmit to its shareholders printed Meeting Materials, being the Circular and annual financial statements and management’s discussion and analysis. Instead, the Corporation posts an electronic version of the Meeting Materials on its website at www.abcourt.ca and under the Corporation’s SEDAR+ profile at www.sedarplus.ca. This approach aligns with the Corporation’s commitment to environmental management as it will result in a reduction in costs and environmental impact that are normally associated with the production and distribution of paper copies of documents in large quantities. In addition, this approach allows shareholders to have rapid access to information about the Corporation.

The Corporation mailed the Notice of Meeting and the form of proxy, or a voting instruction form, to its shareholders who had received, in the past, a paper copy of the Meeting Materials. Shareholders can consult the Meeting Materials on the Corporation’s website at www.abcourt.ca and under the Corporation’s SEDAR+ profile at www.sedarplus.ca. Shareholders may also request paper copies of the Meeting Materials by contacting TSX Trust Company at 1-866-600-5869 (no cost in Canada and in United States) or 416-342-1091 (other countries) or tsxtis@tmx.com, or with the Corporation at 819-768-2857 or by sending a written request by email to phamelin@abcourt.com. Request should be received by November 27, 2023 in order to allow sufficient time for the shareholders to receive paper copies of the Meeting Materials before the prescribed voting deadline.

The Corporation strongly recommends to the shareholders to exam the Meeting Materials before voting.

Appointment or Proxyholder and Revocation of Proxies

The persons named in the accompanying form of proxy are officers and directors of the Corporation. **However, each shareholder has the right to appoint a person (who need not be a shareholder) other than the persons specified in the form of proxy to attend and act on behalf of that shareholder at the Meeting.** Such right may be exercised by inserting the name of such person in the blank space provided in such form of proxy and depositing the completed proxy with the Corporation’s transfer agent, TSX Trust

Company, by mail at TSX Trust Company, 301-100 Adelaide Street West, Toronto, Ontario, M5H 4H1, by fax at 416-595-9593 or by mail at www.voteproxyonline.com, not later than 48 business hours prior to the Meeting, or with the Chairman of the Meeting on the day of, but prior to the commencement of the Meeting or any adjourned Meeting. The Chairman of the Meeting may waive this time limit for receipt of proxies by Computershare without notice.

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his or her attorney authorized in writing or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. To be valid, the revocation of a proxy must be deposited with TSX Trust Company, as indicated above, not less than 48 business hours prior to the Meeting, or with the Chairman of the Meeting prior to the commencement of the Meeting or any adjournment thereof.

Exercise of Powers Conferred by Proxies

The persons named in the enclosed form of proxy will exercise or not the voting rights attached to the common shares of the Corporation (the “**Common Shares**”) in respect of which they are appointed, in accordance with the direction of the shareholders appointing them on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **Where such a shareholder fails to specify a choice, the persons named in the enclosed form of proxy will vote the Common Shares represented by such proxy FOR each of the matters referred to in this Circular.** With respect to amendments or variations to matters identified in the Notice of Meeting and other matters that may properly come before the Meeting, the designated persons will exercise the voting rights attached to the Common Shares in accordance with their best judgment. As of the date of this Circular, the management of the Corporation is aware of no such amendments, variations or other matters to come before the Meeting.

Voting Procedure

There are three ways for registered shareholders to vote their Common Shares. A shareholder is a registered shareholder if his or her name appears in the records maintained by the Corporation’s registrar and transfer agent.

A registered shareholder may: (i) vote in person at the Meeting; (ii) complete and sign the form of proxy and appoint one of the named persons or another person the shareholder chooses to represent him and to vote his shares at the Meeting and mail or fax it; or (iii) vote electronically on the Internet on www.voteproxyonline.com.

If a registered shareholder wishes to attend the Meeting and wishes to vote her or his shares in person at the Meeting, it is not necessary for the registered shareholder to complete or return the form of proxy. Registered shareholders’ votes will be taken and counted at the Meeting. Registered shareholders should register with TSX Trust Company, upon arrival at the Meeting.

If your shares are held in the name of an intermediary, please consult the instructions on the way to exercise your voting right in the following section entitled “**Advice to Beneficial Holders or Non-Registered Shareholders**”.

Advice to Beneficial Holders or Non-Registered Shareholders

Only registered shareholders of a duly designated proxy are eligible to attend and vote at the Meeting.

The information set forth in this section should be reviewed carefully by the non-registered shareholders of the Corporation. Shareholders who do not hold their Common Shares in their own name (“**Beneficial Shareholders**”) should note that only proxies deposited by shareholders who appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If the Common Shares are not registered in the shareholder’s own name, they are held in the name of a “nominee”, usually a bank, trust company, securities dealer or broker or other financial institution. Applicable securities laws and regulations require nominees of Beneficial Shareholders to seek their voting instructions in advance of the Meeting. Therefore, unless a Beneficial Shareholder has previously informed his or her nominee that he or she does not wish to receive material relating to shareholders’ meetings, he or she will receive this Circular in a mailing from such nominee, together with a form of proxy or voting instruction form. Each nominee has its own signature and return

instructions. It is important that the Beneficial Shareholder comply with these instructions if he or she wants the voting rights attached to her or his shares to be exercised. If the Beneficial Shareholder which has submitted a proxy wishes to change his or her voting instructions, the Beneficial Shareholder should contact his or her nominee to find out whether this is possible and what procedure to follow.

Neither the Corporation nor its registrar and transfer agent have a record of the names of the Beneficial Shareholders of the Corporation. If a Beneficial Shareholder attends the Meeting, neither the Corporation nor the registrar and transfer agent will have knowledge of the Beneficial Shareholder's shareholdings or his or her entitlement to vote, unless the nominee has appointed the Beneficial Shareholder as proxyholder. Therefore, if you are a Beneficial Shareholder and wish to vote in person at the Meeting, you must insert your name in the space provided on the form of proxy or voting instruction form sent to you by your nominee. By doing so, you are instructing the nominee to appoint you as proxyholder. It is important that the signature and return instructions provided by the nominee are complied with. It is not necessary to otherwise complete the form as you will be voting at the Meeting.

If you are a Beneficial Shareholder and TSX Trust Company has sent these proxy materials directly to you, your name, address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding Common Shares on your behalf. By choosing to send these proxy materials to you directly, the Corporation (and not the intermediary holding Common Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please complete and return the materials in accordance with the instructions provided by TSX Trust Company.

All references to shareholders in this Circular and the accompanying form of proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

Record Date and Voting Rights

As at October 23, 2023 (the “**record date**”), there were 483,303,759 Common Shares issued and outstanding, each Common Share entitling the holder thereof to one vote. Only shareholders listed on the registers at the close of business on the record date will be entitled to receive notice of and to vote at the Meeting.

Severance pay equal to 24 months' salary is payable to the Chief Executive Officer if the Corporation terminates his employment without just and sufficient cause, while a lump sum equivalent to 24 months' salary would be payable at occurrence of an event constituting a change of control according to the situations provided for in his employment agreement.

On July 1, 2022, the Corporation signed an employment contract with Christine Lefebvre, who has served as Chief Financial Officer of the Corporation since December 16, 2021. This contract provides for an annual base salary of \$160,000, reviewable annually, and the possibility of a bonus after the end of each financial year, based on the achievement of objectives to be set with the Board. Severance pay equal to 12 months' salary is payable to the Chief Executive Officer if the Corporation terminates his employment without just and sufficient cause, while a lump sum equivalent to 18 months' salary would be payable at occurrence of an event constituting a change of control according to the situations provided for in his employment agreement.

Oversight and Description of Directors and NEOs Compensation

Executive Officers

The Board formed a compensation committee (the "**Compensation Committee**") having, amongst other things, the responsibility to provide advice and recommendations to the Board on the compensation of the chief executive officer and the chief financial officer and of the directors of the Corporation. The Compensation Committee recommends the objectives of the short and long term incentive programs, if any, and the share purchase stock options in favour of the named executive officers.

The Compensation Committee is comprised of three members, namely François Mestrallet (Chairman of the Committee), René Branchaud and Nicole Veilleux. A majority of the Committee's members are independent. The Corporation considers that the public company board membership and management experience of the members of the Compensation Committee provides the members with appropriate experience and skills relevant to the responsibilities and ability to make decisions on the suitability of the Corporation's compensation policy and practices.

Market Comparators

The compensation policy primary objective is to offer total compensation capable of attracting and retaining high level executive officers and to motivate the executive officers in achieving and exceeding the goals of the Corporation and of its shareholders.

The Compensation Committee has not retained any third party advisors to establish the compensation of the named executive officers. However, the Compensation Committee has prepared comparative market data

and provided recommendations to the Board. The following mining companies have been selected as comparators considering criteria such as assets, annual revenue, comparable activities and listing on a Stock Exchange: Orbit Garant Drilling, Monarch Gold Corporation, Falco Resources, Radisson Mining Resources, Midland Exploration, Cartier Resources and Azimut Exploration.

Components of the Compensation Policy

The compensation policy consists of the sum of a base salary, a long term incentive compensation (stock options), benefits and perquisites and, in the case of the Chief Executive Officer and the Chief Financial Officer, the possibility of a short term incentive (bonus).

Base Salary:

The Corporation's base salary policy is to pay base salaries for executive officers that are equivalent of the Market Comparators indicated above. The salaries of the executive officers are reviewed and recommended for approval to the Board yearly by the Compensation Committee considering the individual performance and the Market Comparators. The Chief Executive Officer was granted an annual base salary of \$300,000, which can be reviewed annually. The Chief Financial Officer is an employee of the Corporation and is paid an annual salary of \$160,000, reviewable annually.

Short Term Incentive (bonus):

Under the terms of his employment contract, the Chief Executive Officer is eligible to receive a bonus equivalent to a maximum of 100% of his salary, depending on the achievement of objectives set jointly with the Board. Following the recommendations of the Compensation Committee, the Board awarded the Chief Executive Officer in September 2023, a premium calculated on a 15 month-period ended June 30, 2023, based on the following criteria and objectives, assigning to each a percentage of success: the restructuring and strategic plan following the closure of the Elder mine, the progress of the Sleeping-Giant project, including a resources estimate and the presentation of a mining plan, the realization of an equity financing for the Corporation, the working capital ratio of the Corporation, the coverage of the Corporation by financial analysts and certain non-financial measures, such as the rate of compensable accidents, the health and safety measures, the number and treatment of environmental violations and the updating of the rehabilitation plan for the Elder mine and a restoration plan for the closure of the Sleeping-Giant mine.

The Chief Financial Officer may also receive a bonus equivalent to a maximum of 50% of her salary. Following the Committee's recommendation, the Board awarded a bonus to the Chief Financial Officer based on the same criteria and objectives as those of the Chief Executive Officer for the financial year ended June 30, 2023. The Board will set specific objectives for the position of chief financial officer for establishing the annual bonus for the next fiscal year.

Long Term Incentive Compensation:

The establishment of a balance between short and long term compensation is essential for the Corporation's performance. For this reason, the Corporation has adopted a Stock Option Plan in 1996 (as subsequently amended) allowing the grant of options to officers, directors, employees and consultants of the Corporation. Reference is made to the description of such plan under the heading "**Securities Authorized for Issuance under Equity Compensation Plans**" below.

In general, the Compensation Committee determines the number of options granted annually according to the level of responsibility and authority of each of the executive officers and considering the number of stock options granted over the years. Upon the appointment of the new President and CEO on April 4, 2022, the Board granted him 2,000,000 options to purchase Common Shares. During the financial year ended June 30, 2023, the Board also granted the CFO 1,000,000 options to purchase Common Shares. See "**Stock Options and other Compensation Securities**".

The purpose of the Stock Option Plan is to serve as an incentive for the directors, officers and consultants who will be motivated by the Corporation's success as well as to promote ownership of common shares by these people. There is no performance indicator relating to profitability or risk attached to the Stock Option Plan. The long-term incentive compensation is not based on known or measured corporate or individual performance objectives but is determined in a view to improve the executive officers' salaries and to encourage the work of these persons towards an increase of shareholders value.

The Compensation Committee is responsible for the revision and recommendation to the Board of Directors of any required modifications to the Stock Option Plan.

Benefits and Perquisites:

The Corporation offers its officers the same benefits as all other employees, including the opportunity to contribute to a retirement plan. The Corporation does not offer benefit programs, such as life, medical, long-term disability or other insurance and the directors and officers do not benefit from a retirement plan. Officers and directors of the Corporation are covered by directors' and officers' liability insurance.

Directors

The Compensation Committee reviews and recommends to the Board the compensation of the Board members so as to ensure they receive competitive compensation that realistically reflects the risks and responsibilities they assume.

For the year ended June 30, 2023, the Compensation Committee has not retained any third party advisors to establish the compensation of the directors. The Compensation Committee recommends the directors' compensation in light of same market comparators used to analyse the compensation of the named executive officers. Upon recommendation of the Compensation Committee, the Board approved with a retroactive effect from January 1, 2023, a revision of the annual compensation to the directors. Each director, except the Chief Executive Officer, receives payment of an annual retainer of \$15,000 (\$6,000 previously). Each member of a committee of the Board receives an additional annual retainer of \$1,500 or \$3,000 (\$1,500 previously) in the case of the audit committee. The Chairman of the Audit Committee receives payment of an annual retainer of \$5,000 (\$2,500 previously), this amount being \$2,500 (\$2,000 previously) in the case of the other committees. The Chairman of the Board, which is not otherwise officer of the Corporation, receives payment of an annual retainer of \$7,500 (\$3,000 previously).

The Board determines, upon recommendation of the Compensation Committee, the number of options granted annually to the directors without applying any known or measurable objectives. Criteria such as the Corporation's global performance are looked at in determining the number of options to be granted to the directors.

Securities Authorized for Issuance under Equity Compensation Plans

The following table sets forth securities of the Corporation that are authorized for issuance under equity compensation plans as of June 30, 2023.

Plan Category	Number of Securities to be issued upon exercise of outstanding options	Average exercise price of outstanding options	Number of securities remaining available for issuance under equity compensation plans
Equity compensation plans approved by securityholders (Stock Option Plan) ⁽¹⁾	9,797,600	\$0.0848	4,702,400
Equity compensation plans not approved by securityholders	N/A	N/A	N/A

(1) Including 5,997,600 stock options at an average exercise price of \$0.0875 resulting from the conversion in options of the Corporation in connection with the amalgamation of the Corporation with Pershimex Resources Corporation as of May 11, 2023.

Pursuant to its Stock Option Plan, the Corporation may, from time to time, grant to eligible directors, officers, employees and consultants of the Corporation, options to acquire Common Shares in such number, at such exercise prices, and for such terms as may be determined by the Board. The Stock Option Plan is a plan whereby a fix number of Common Shares are issuable upon exercise of stock options. It was initially adopted in October 1996 and approved by the shareholders in December 1997 and was thereafter modified with the approval of the shareholders in December 2001 and December 2012. Other modifications not requiring shareholders' approval have also been adopted by the Board, the latest of which dated August 23, 2023, as

part of the grant of stock options to the directors, officers, employees and some consultants of the Corporation. The following information takes into account these modifications to the Stock Option Plan.

The maximum number of common shares that may be issued under the Stock Option Plan as modified on August 23, 2023 is 42,810,000. The maximum number of Common Shares which may be reserved for issuance to any one person pursuant to stock options during a twelve-month period may not exceed 5% of the Common Shares outstanding at the time of grant (on a non-diluted basis). The maximum aggregate number of Common Shares that are issuable pursuant to all security based compensation granted or issued to insiders (as a group) must not exceed 10% of the Common Shares of the Corporation at any point in time (unless the Corporation has obtained the requisite disinterested shareholder approval pursuant to the TSX Venture Exchange (the “**Exchange**”) requirements). The maximum aggregate number of Common Shares that are issuable pursuant to all security based compensation granted or issued in any 12 month period to insiders (as a group) must not exceed 10% of the issued Common Shares of the Corporation, calculated as at the date any security based compensation is granted or issued to any insider (unless the Corporation has obtained the requisite disinterested shareholder approval pursuant to the Exchange requirements).

The exercise price shall not be less than the closing price of the Common Shares on the Exchange the day preceding the grant and is subject to the minimum exercise price allowed by the rules of the Exchange at the date of the grant.

No more than 2% of the issued Common Shares of the Corporation may be granted to any one consultant in any 12 month period. No more than 2% of the issued shares of the Corporation may be granted to a person conducting investor relations activities in any 12 month period. Options shall vest and the method of vesting, provided that options issued to consultants performing investor relations activities must vest in stages over 12 months with no more than $\frac{1}{4}$ of the options vesting in any three month period.

All options must be exercised no later than 5 years from the date of the grant and they are not transferable. Unless otherwise decided by the Board, if a director, employee or consultant ceases to act as such (including in reason of death), each option held by such person will be exercisable for 12 months following the date on which such person ceased to be a participant under the Stock Option Plan but only up to and including the original option expiry date. Options granted to a person engaged in investor relations activities must expire within 30 days after this person ceases to be employed to provide such services.

When granted, the Board may determine other restrictions or conditions to the exercise of the stock options. The decrease of the exercise price of Stock Options or the extension of their length shall be approved by disinterested shareholders when the beneficiary is an insider of the Corporation.

All modifications to the Stock Option Plan are subject to the approval of the Exchange.

Indebtedness of Directors and Executive Officers

No director, officer, employee or previous directors, officers or employees of the Corporation was indebted to the Corporation at any time in its last completed financial year in connection with the purchase of securities of the Corporation or for any other reason.

Décochib bought that royalty in June 2002 from Canuc Resources Corporation (successor to Nova Beaucage Mines Limited), an arm’s length party to Décochib and to the Corporation. That royalty was held by Nova Beaucage Mines following the sale to the Corporation in January 1994 of its participation in the joint venture enterprise that was affecting a part of the Elder mine property.

CORPORATE GOVERNANCE PRACTICES

The Board reviewed the corporate governance guidelines outlined in *Regulation 58-101 respecting Disclosure of Corporate Governance Practices* (“the **Regulation 58-101**”) from Canadian securities authorities. A description of the governance practices of the Corporation is presented below in accordance with Regulation 58-101.

The Board currently consists of seven directors.

The following directors are considered to be independent within the meaning of Regulation 52-110 since they have no interests or relationships, including business relationships that could materially impair their ability to act in the best possible way interests of the Corporation, or which are reasonably likely to be perceived as having this effect, with the exception of the interests and relationships arising from the shareholders: Nicole Veilleux, Daniel Adam, René Branchaud and Loïc Bureau. If she is elected director at the Meeting, Lise Kistabish will be an independent member of the Board. Nicole Veilleux will not be re-elected director at the Meeting.

Pascal Hamelin, CEO and François Mestrallet, Chairman of the Board are considered not to be independent pursuant to Regulation 52-110 in reason of their position as officers of the Corporation. Jasmine Hinse is the daughter of Renaud Hinse, who was the CEO of the Corporation until April 4, 2022. The Board does not currently have a formal orientation program for new directors. The Governance Committee's mandate is to inform new directors on the role of the Board and its committees as well as the activities of the Corporation and on new training opportunities for board members.

Ethical Business Conduct

The Board does not have a written code of ethics and conduct for the directors and officers. The Governance Committee ensures compliance, supervision and updating of the Corporation's policies and charters of the committees and helps to identify and to resolve any ethical dilemmas. It also has the mandate to ensure that there is a monitoring of the evolution of industry trends and practices in matters of ethics, professional conduct and governance and to keep the Board informed on these subjects. Other Board Committees

A Compensation Committee was established during the last financial year with the responsibility, amongst other things, to provide advice and recommendations to the Board on the compensation of the chief executive officer and the chief financial officer and of the directors of the Corporation. The Committee recommends the objectives of the short and long term incentive programs, if any, and the share purchase stock options in favour of the named executive officers and the directors.

The Board has established a Governance Committee composed of three members, René Branchaud (chair), Nicole Veilleux and Francois Mestrallet. The Governance Committee fulfils an oversight role for governance-related non-compliance risks, for profiles of Board's committee members and for the Corporation's governance structure. The Governance Committee also monitors the risks of non-compliance related to the independence of the directors and members of the Board's committees and the transactions with related persons and monitors the non-financial risks in general.

The Board has also established a technical committee composed of three members: Pascal Hamelin, Daniel Adam and Loïc Bureau. This committee assists the Board in fulfilling its responsibilities by receiving and reviewing the quarterly reports from management on health, human resources and safety, and, as the case may be, the report on environment from the Chief Executive Officer.

The Governance Committee recommends to the Board new candidates for director positions. The Committee reviews its charter periodically and, as required, makes recommendations to the Board of Directors (hereinafter described as the "**Board of Directors**" or the "**Board**") as to any changes to be made.

I. Overall Purpose - Role of Audit Committee

The Committee is a committee of the Board to whom the Board has delegated the responsibility of reviewing the financial reporting process. The Audit Committee has a general mandate to assist the Board in fulfilling its responsibilities with regard to the financial information of the Corporation and its accounting practices, mainly in the process of reporting and disclosure. In this context, the Committee:

- ensures the reliability and the integrity of the Corporation's financial statements and financial information, as well as other information made public by the Corporation;
- supervises the management of accounting systems and internal controls;
- assists in ensuring proper communications between the directors and the external auditors;
- supports the independence of the external auditors;
- supports the duties of the external directors in facilitating in-depth discussions between the directors members of the Audit Committee, Management and the external auditors;

The Committee has the authority to examine and make recommendations on any question brought to its attention. The Committee, in carrying out this mandate, has access, upon request, to all relevant information concerning the Corporation's operations, whether this information is in the hands of the Corporation, a subsidiary or a related person.

The Committee may, at his own discretion, use the services of outside consultants.

2. Committee Responsibilities - Audit

In general, the Committee's mandate is to supervise the reporting and disclosure processes of the Corporation and to report on its activities to the Board.

The Committee must ascertain that adequate procedures are in place to review the public disclosure by the Corporation of financial information extracted or derived from its financial statements and must periodically assess the adequacy of these procedures.

The Committee must establish procedures for the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls, or auditing matters; and the confidential, anonymous submission by employees of the Corporation, if any, of concerns regarding questionable accounting or auditing matters.

2.1 Financial Statements, Notes, Management Reports and Press Releases

- 2.1.1 The Committee examines the interim financial statements and the audited financial statements at year-end before making them public, as well as the documents prepared for electronic deposit with regulatory authorities. The Committee may make the changes it deems necessary to the financial statements. The Committee approves the interim financial statements and recommends the approval of the annual financial statements by the Board.
- 2.1.2 The Committee examines the notes to the financial statements and all management reports accompanying the financial statements distributed to the shareholders and/or to the regulatory authorities, as well as press releases issued along with the financial statements, notes and related comments. The Committee makes the modifications deemed necessary to these documents. The Committee approves the interim documents and recommends the approval of the annual documents by the Board.

2.2 External Auditors

- 2.2.1 The Committee makes recommendations to the Board with regard to the selection of external auditors, their remuneration and their reappointment, as the case may be. It reviews the audit plan with the external auditors and defines the specific needs of the Committee. The Committee receives the auditors' report with the accompanying notes.
- 2.2.2 The Committee meets with the external auditors before the beginning of their mandate and, at this meeting, examines and approves the scope of the audit plan as well as the audit fees allocated to the work to be done.
- 2.2.3 At that time, the Committee analyzes the external auditors' independence, reviews services other than audit services to be performed by the external auditors and determines if the nature and extent of these services may or may not be prejudicial to their independence. The Committee reviews the hiring policies regarding partners, employees and former partners and employees of the present and former external auditors of the Corporation.
- 2.2.4 The Committee also meets with the external auditors at the meeting planned for the examination of the year-end audited financial statements and, on this occasion, receives the post-audit report that will mainly deal with:- The acceptability and quality of the Corporation's accounting principles;
- The quality of the accounting systems and internal controls put in place by Management to ensure the integrity of the accounting and financial information;
 - The recommendations made by the auditors to Management with respect to the accounting systems and internal controls, and Management's response thereto;
 - The assessment of the measures put in place to deal with the risks faced by the Corporation when, in the auditors' opinion, certain factors could have a material impact on the results of the Corporation; and
 - The difficulties encountered by the external auditors in the course of their mandate, in particular any restrictions imposed by Management or serious accounting questions over which they disagreed with Management.
- 2.2.5 At these meetings, the Audit Committee may meet with the auditors, out of the presence of the Corporation's Management and the internal directors. In fact, the Committee has direct access to the external auditors and Management and may hold private and informal discussions with each of the parties, whenever deemed opportune in carrying out their mandate.

- 2.2.6 Also, the Management of the Corporation and the external auditors may, if necessary, ask to meet the members of the Committee to review with them all transactions, procedures or other questions which, in their opinion, are relevant to the mandate of the Committee.
- 2.2.7 The Audit Committee must approve, in advance, all the services that are not related to the audit that the external auditors do for the Corporation and its subsidiaries.
- 2.2.8 The Committee examines the conditions of the mandate of the external auditors and verifies that the fees are appropriate and reasonable for the audit and approves unpaid fees.
- 2.2.9 The Committee is in charge of resolving disagreements between the management of the Corporation and the external auditors concerning the financial reporting.

3. Responsibilities of the Committee - Conflicts of Interest

Every year or more often, as required, the Committee examines:

- 3.1 Any situation that has been brought to its attention that may cause a conflict of interest and, more particularly, the approval of the financial conditions applicable within the framework of contracts with persons or companies related to or affiliated with the Corporation, to ensure that these contracts are as advantageous to the Corporation as if they had been negotiated with other parties.
- 3.2 Any eventual violation of a contract that is brought to its attention and which could have an impact on the financial statements.

4. Appointment of Auditors - Other Resources

In performing its duties, the Committee may hire all necessary resources.

Each year, after having verified the qualifications of the incumbent or potential auditors, the Committee must recommend to the Board the appointment of external auditors. At its first meeting of the year in March, the Committee must consider whether it is appropriate, for the next fiscal year, to proceed with a call for tenders from various auditing firms or to renew the mandate of the auditors in place.

If Management proposes a change of external auditors, the Committee must be informed of the reasons for such a change and, in all cases, approve the information to be made public in accordance with the regulations.

5. Composition

The Audit Committee consists of a minimum of three directors appointed by the Board at the first meeting following the annual general meeting of the shareholders.

All members of the Committee shall be financially literate. A member of the Committee who is not financially literate will work towards becoming financially literate in a reasonable delay. At least one (1) member of the Committee shall have accounting or related financial management expertise.

For the purposes of this Charter, the definition of “financially literate” is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Corporation’s financial statements.

6. Chairman of the Committee

The Chairman of the Committee is selected by the members of the Committee unless he is appointed by the Board; in the case of absence, unavailability or if he vacates his post, the chairmanship will be assumed by a member chosen by the Committee.

7. Number of Meetings

The Committee will meet at least four (4) times per year or more, if necessary. Meetings can be held by conference call.

A member of the Committee may convene a special meeting.

8. Organization

The Committee appoints a Secretary.

Before each Committee meeting, the Secretary distributes a written agenda to the members. The Secretary will also maintain minutes of each meeting.

9. Quorum and Decisions

A majority of Committee members shall constitute a quorum.

Provided there is a quorum, decisions are made by a vote of the majority of the members present.

10. Report

The Committee reports to the Board of Directors. The minutes of a Committee meeting constitute a report in itself.
